Château du GAZIN 2022
AOC Canon Fronsac
ORGANIC

Fronsac was Charlemagne's fortified town then the ownership of duke of Richelieu.
The Château du Gazin AOC Canon Fronsac is located at 40km north east from Bordeaux and along Saint Emilion and Pomerol. It hides in a superb valley which cuts the tray fronsadais.
Built in 1532, it already produces great wines thanks to its soil of exception. Former seigneurie, it is modified in 1732 but the pigeon house is kept by origin. Bought in 1935 by Georges Robert, from Burgundy. He settled in Bordeaux after WWI and became a wine trader. His nephew Henri succeeded at the end of the 60s. Georges-Antoine, his son, is the third generation who take care of Chateau du Gazin for 20 years.
