

VINHO VERDE

Quinta de Gomariz

Grande Escolha

Unique selection of grapes, with the emphasis on Loureiro, Alvarinho and Trajadura. Citric and clean, with floral and fruity notes. Crisp, slight creaminess, with a persistent finish.

"...there's a difference in styles. One is more towards the mineral and restrained fruit style, while the second is leaning to a grassy, green feel, more simply expressive... Finding the right balance is difficult, I realize, and it takes a skilled palate and winemaker to create such well-made wines as those of Quinta de Gomariz..."
