Marlborough Sauvignon Blanc is a phenomenon – a white wine loved by our thirsty customers. And for good reason. This northern-tip region on New Zealand's South Island delivers wines bounding with fabulous ripe tropical fruit and zingy citrus freshness. Not all, however, get it as right as Hole in the Clouds. The grapes that go into this wine have been lavished with the greatest TLC, to ensure ultra healthy, perfectly ripe berries, every one. What's in the bottle will prove that. Chill it down, unscrew the cap and unleash the flavours. You'll smell that fruit before the glass nears your nose. Hole in the Clouds is a blast as a glass on its own, and equally delicious with salmon with saucy salsa, barbecued prawns, chicken or Thai green curry.

*Marlborough Sauvignon Blanc on great form. Bounding with ripe tropical fruit, but with elegance too*
