

HAZY SUMMER MEAD

What is Mead?

Mead is the world's oldest alcoholic drink, with a global history over 9,000 years. It has been made and drunk in Ireland for centuries. There are many styles including meads with fruit, spices and herbs but once most of the fermentable sugars come from honey, then it's a Mead.

The honey is mixed with local water, fruit and yeast and fermented off dry

Honeymoon

It is said a month's supply or a moon cycle of mead was gifted to newlyweds to bring good luck to the marriage, hence the name Honeymoon.
